LIMITED WARRANTY: DMC warrants each new product sold by it to be free from defects in material and workmanship under normal use and service. DMC's obligation under this warranty is limited to the free correction or, at DMC's option, the refund of the purchase price of any such product which proves defective in normal service within ninety (90) days after delivery to the first user, provided that the product is returned to DMC with all transportation charges prepaid and which shall appear to DMC's satisfaction, after DMC's inspection, to have been defective in material or workmanship, it being understood that DMC products are not consumer products. This warranty shall not cover any damage to any product which, in the opinion of DMC, was caused by normal wear, misuse, improper operation, tampering, neglect, or accident. This warranty is in lieu of all other warranties express or implied. No warranty, express or implied, is made or authorized to be made or assumed with respect to products of Daniels Manufacturing Corporation other than those herein set forth.

THE TOTAL PACKAGE

Daniels Manufacturing Corporation® (DMC®) is a leader in designing and manufacturing tool kits to aid in the repair and maintenance of complex wiring systems. For more than 50 years DMC has specialized in providing comprehensive kitting solutions for mission-critical, high-performance industries including military and commercial aviation. Today, DMC kits are widely trusted for their unparalleled performance and coverage for air, space, land, and sea-going systems.

DMC kits are tailored to meet specific requirements and give technicians the confidence to get the job done right. Each tool kit is thoroughly researched and contains the necessary tools to prepare, terminate, install, and remove wires. Included content charts, instruction sheets, and cross-reference materials eliminate the margin for error and enhance productivity. Tools remain organized and protected in contrasting contoured foam that also helps to prevent loss and downtime. Kits are available in flight-ready carry-on cases, wheeled trolley cases, and high-capacity roll-around cabinets.

Kit Types

- Platform-Specific
- Connector-Specific
- General Purpose
- Custom Tool Kits

LEARN MORE ABOUT DMC TOOL KITS

SUPERIOR SOLUTIONS

SAVE TIME

- Ready-to-use kits include all essential tools for their intended applications
- Step-by-step instructions eliminate confusion and support training efforts

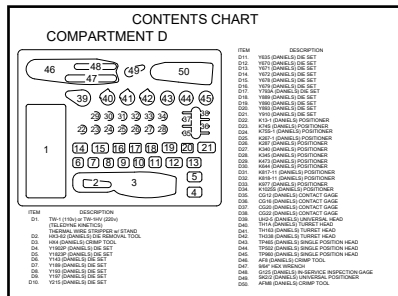

STAY ORGANIZED

- Contents Charts to ensure efficient tool control and identification
- Contoured cutouts organize tools and prevent F.O.D.
- Durable cases protect tools and promote longevity

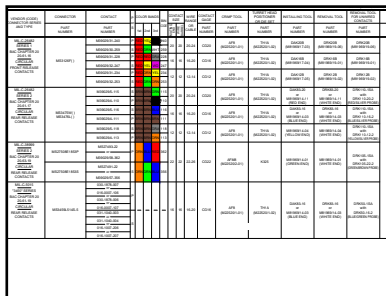

GET BETTER RESULTS

- Precision tooling to meet the demands of high-reliability electrical systems
- Accurate tool selection backed by decades of technical research
- Tool Selection Charts provide easy cross-reference of connectors and tooling

Tool Selection Charts

Instruction Sheets

CUSTOM KITTING CAPABILITIES

DMC provides customers with the option to create their own custom tool kits. These solutions are customized based on the client's preferred tooling choice, connector coverage, wiring manual/drawings, and layout. Customers can even request a combination of existing kits to cover a variety of platforms.

1 REQUEST A KIT

Request a custom kit on our website or contact our customer support team by phone or email. Provide essential details such as specific tool needs, connector lists, wiring manuals/drawings, and preferences.

REQUEST A KIT
qrco.de/RequestAKit

2 RESEARCH

Our experienced team of Technical Research Specialists will use their years of knowledge to ensure your kit contains a complete complement of tools and accessories to provide coverage for all serviceable connectors. This service is provided to you at no additional cost.

3 DESIGN

Once the tooling has been determined, our design team will configure your tool kit to provide safe storage and easy access to all components with contrasting custom-cut contoured foam.

4 QUOTATION

A free estimate will be provided for customer approval. A preliminary design may be available.

5 ORDER

Production of your custom tool kit will begin once an order is placed. Related data packages are provided and certificates of conformance or calibration can be provided upon request.

6 SHIPMENT

Shipping details and tracking are emailed to your attention.

AIRCRAFT TOOL KITS

COMMERCIAL AIRCRAFT

Every major commercial airliner trusts DMC to provide high-quality tools to maintain, repair, and build their complex wire harnesses. DMC kits are built using decades of research and contain a wide variety of tooling to assist in streamlining the wire harness assembly process. Below are some of the most popular commercial aircraft kits that DMC has developed for various platforms.

Manufacturer	Platform	DMC Part Number
AIRBUS	ACJ220	DMC1999
	A300, A310, A320, A330, & A340	DMC30
	A318, A319, A320, A321, A330, & A340	DMC519
ATR (Avions de transport régional)	ATR 42 & ATR 72	DMC899
BOEING	717 (MD-95)	DMC717A
	737 Series: -200, -300, -400, & -500	DMC769
	737 Series: -600, -700, -800, & -900, BBJ 737 (Boeing Business Jets), & Next-Generation 737	DMC1264
	747 Series: -100, -200, -300, & -400	DMC921
	757 Series: -200 & -300	DMC502
	757 & 767	DMC567MOD1
	777	DMC977

GENERAL DYNAMICS LAND SYSTEMS	M1A1 & M1A2 Abrams Main Battle Tank	DMC63SUPP-SEP	5935-01-436-9147
	Stryker Interim Armored Vehicle (IAV): ICV, MGS, RV, MCV-B, CV, FSV, ESV, MEV, ATGM, & NBC RV	DMC1582B	5935-01-560-8457
RAYTHEON	MIM-104 Patriot Missile	DMC898	-
-	Emergency Wire Rep Tool Kit	DMC1567AMOD2	5970-01-582-8590

Kits are manufactured based on the last known design provided by the OEM or government customer. Contact DMC for more tool kits or to design your own custom kit.

SEA-GOING SYSTEMS

Kits for sea-going systems provide comprehensive tooling solutions for naval platforms. These kits are ideal for shipboard armament systems such as long-range missile systems, automated close-in weapon systems, and more.

Manufacturer	Platform	Command/Branch	DMC Part Number
LOCKHEED MARTIN	AN/SPY-1A Radar	Navy IWS	DMC989A
	Trident Submarines	Navy IWS	DMC245-01

Kits are manufactured based on the last known design provided by the OEM or government customer. Contact DMC for more tool kits or to design your own custom kit.

CONNECTOR-SPECIFIC TOOL KITS

Connector-specific kits are assembled with the tools required to service multiple connector series and their related contacts, terminals, and splices. These kits are designed around a connector's characteristics instead of an entire wiring system. DMC has also curated certain kits to accommodate various types of connector families. Connector-specific tool kits can be used as training kits for students and technicians.

GENERAL PURPOSE TOOL KITS

DMC5000 SERIES

DMC5000 tool kits are expertly designed to include the most commonly used tools and their accessories. Accessories include a well-rounded selection of turrets, positioners, dies, and go/no-go gages compatible with the included tool frame. All components are stored safely within shadow-cut contoured foam in a high-performance plastic case. Content charts and instruction sheets are provided to aid in tool accountability and proper usage.

DMC Part Number	Quantity	Contents
 DMC5001	1	AF8 Crimp Tool (M22520/1-01)

		1	G125 Go/No-Go Gage (M22520/3-1)
		1	MH860 Crimp Tool (M22520/7-01)
		5	Positioners (86-25 and M22520/7-02, -03, -06, -07)
		1	G145 Go/No-Go Gage (M22520/3-3)
 AFM8	DMC67 NSN: 5180-01-006-2865 M83507/17-01	1	AFM8 Crimp Tool (M22520/2-01)
		9	Positioners (M22520/2-02 thru -10)
		1	G125 Go/No-Go Gage (M22520/3-1)
		1	AFM8 Crimp Tool (M22520/2-01)
	DMC274 NSN: 5180-01-259-0512	39	Positioners (M22520/2-02 thru -40)
		1	G125 Go/No-Go Gage (M22520/3-1)
		1	AFM8 Crimp Tool (M22520/2-01)
		3	Positioners (M22520/2-06, -08, -09)
		2	Plastic I/R Tools (M81969/1-02, -04)
		1	AFM8 Crimp Tool (M22520/2-01)
 HD51	DMC1383 NSN: 5120-01-586-4963	1	HD51 Crimp Tool
		6	Uninsulated Terminals Die Sets (HD51-114N, -115N, -116N, -117N, -122N, -125N)
		6	Insulated Terminals Die Sets (HD51-105, -106, -107, -113, -128, -129)
 WA23	DMC1663	1	WA23 Crimp Tool (M22520/23-01)
		7	Die Assembly (M22520/23-02 thru -08)
		8	Positioners (M22520/23-09 thru -16)
		1	WA23 Crimp Tool (M22520/23-01)
	DMC1663A	7	Die Assembly (M22520/23-02 thru -08)
		8	Positioners (M22520/23-09 thru -16)
		7	Go/No-Go Gages (G693 thru GG98, G1299)
		12	Metal Insertion Tools
 I/R	DMC1155 NSN: 5120-01-687-0144	12	Metal Removal Tools
		2	Metal Insertion/Removal Tools
		75	Plastic Insertion/Removal Tools
